Established in 1979, we are an eminent trader and supplier of Industrial Hardware Components & V Belts. We provide after sale support services to our valuable clients. Our vendors are selected after conducting and analyzing varied researches.

## About Us

Established in the year **1979**, we, '**Gaurav Enterprises**', are a reliable organization involved in the business of trading and supplying Industrial Hardware Components & V Belts. These are developed using excellent quality raw material and prevailing technologies at the vendors' manufacturing unit. Each of the sourced product is stringently tested by a quality analyzing team on certain industry laid parameters to ensure their flawlessness. Owing to their durability, resistance to rust & abrasion and supreme finish, our products are highly demanded by the customers.

We are assisted by a team of sincere professionals in every stage of our business process. The professionals working in all our departments are well-versed with the every pros and cons of their respective industry. They maintain cordial relations among one another as well as with patrons to understand their exact needs and after that bring products for them accordingly. Quality being our forte, we leave no stone unturned to procure flawless range and deliver the same within the stipulated time frame. Further, to facilitate the process of financial dealings, we accept payment through varied simple modes like Cash, Cheque and DD.

Under the guidance of our mentor, '**Mr. Krishna Lal**', we have carved a commendable position in this highly competitive market. His customer-oriented policies, managerial skills and rich knowledge of the industry have enabled us to gain an edge...
